

News Up-Date 11-5-09 2010 Mini Indy Charity Event, benefitting the United Way of Southern Utah.

Time is drawing near. Please don't wait until the last minute to order your car, sign up for golf or other sponsorship opportunities. The New Mini Indy web site is up and running.

Reminders:

All teams must run the new Promo Kart car for 2010. The old Manco car is obsolete. The new car is included with the registration fees. Please do not wait till last minute to register. Car deliveries are averaging three weeks after registering.

All teams must register their team/car number. Details for this are on the Mini Indy web site. Car rules for 2010 require your number must be on your car on both sides of the rear wing and the front curvature of the car. This is for easier identification of teams and cars. We have reviewed this year's event pictures to reserve number assignments, but will be finalized on a first come first serve basis at registration.

Storage:

SkyWest has arranged a lower cost to store cars in St. George. Cars can be stored in St. George for 225.00 per 12 months. A 50 gallon tote (with wheels and handle) is available to store tools, helmets, etc. for 50.00 per 12 months. The cars must not be in a crate, have the roll bar removed and secured to the car. Small items may be stored within the car. The cars will be stacked on a rack system for easy access. The payment

options for storage is on the Mini Indy web site.

Rumors:

Yes, the rumor is correct. There will be two pit stops per heat in 2010. This will challenge the teams to sharpen pit stop skills and pit strategies. Make sure to practice, practice, practice.

Up-Coming:

We will be sending out the race and driver rules, in December, for all team members to study and be familiar with. All team drivers and back-up drivers are required to be familiar with the rules and pass the rule test.

Questions:

Can the car body be shipped to a different location than the car form Promo Karts?

No, Promo Karts does not have the resources to handle separate shipping.

Can we ship our car to St. George and be placed in storage? Yes, Please call us so we know it's coming.

Who is handling the car crate shipping/storage? BGI, same as 2009.

Please do not miss our Ten Year anniversary Mini Indy Charity Event.
