Last minute car tips and reminders. Only the front right tire is allowed to be removed for pit stops. Do you have an adequate jack?? Do not over tighten your front wheel nuts or you'll burn out your bearings. Please remind all drivers not to ride the brakes or you will smoke the brake and your clutch. Please make sure your drivers and team members are familiar with the race rules.

Are you ready to race? Go to www.miniindy.org for (almost) everything you need to know.

We're glad you're attending. See you next week!
